

Mohammed Raheem CK

Cloud & Infrastructure Engineer

raheemck727@gmail.com | +91 86063 20727 | [linkedin.com/in/mohammed-raheem-ck-810722417](https://www.linkedin.com/in/mohammed-raheem-ck-810722417)

PROFILE

Cloud and infrastructure professional with a foundation in enterprise networking, hybrid cloud environments, and automation. Certified in CCNA, MCSA, and Azure Cloud, with hands-on scripting skills geared toward DevOps practices and a strong grasp of database fundamentals and infrastructure security.

CORE SKILLS

Hybrid Cloud & Infrastructure Management — Provisioning, monitoring, and managing infrastructure across on-prem and cloud environments.

Advanced Enterprise Networking — Designing and troubleshooting enterprise-grade network architectures and protocols.

Scripting & Automation — Writing Python, PowerShell, and Bash scripts to automate repetitive system tasks.

Database Foundations — Structured SQL queries, RDBMS concepts, and data integrity management.

Infrastructure Security & Troubleshooting — Identifying vulnerabilities, hardening systems, and resolving infrastructure issues.

CERTIFICATIONS

CCNA	Cisco Certified Network Associate
MCSA	Microsoft Certified Solutions Associate
Azure Cloud	Microsoft Azure Cloud Certification

EDUCATION

B.Sc Computer Science — Calicut University
